Nope 91. But if you get 77 go for it! Its all higher lodging here because of the drilling.

Hi Charlie -

Rich would like you to come up both times if you would like.....for next week it depends on when you can move up. If you can only move up Weds (and not Tuesday) its a really long trip for just 2 days. Or if you are just interested in taking a trip anyway - please do! We would really appreciate your help the week of 2/13 - so I will put you down. THANKS!

For accommodation: Comfort Inn, Tunkhannock (570) 836-4100 and Hampton Inn 570-996-5866 also in Tunkhannock are areas we have been staying - you will need to request higher lodging from Carmella when you do your TA (its 91 to 99/night govt rate depending on where you stay).

Thanks - and let me know what your plans are....

Lady and Gents-

Any interest in helping out at Dimock between now and February 24th? We think that we are going to be done with sampling by the middle of the week of Feb 13th, but most likely there will be 'things' still going on here. Charlie - Rich had said that you had said you were interested in helping out at some point.

We need a bit more OSC coverage - help!

thanks! Ann
